Dear Cathy

**Planning Application 2020/4728  
3 Embankment SW15**

The Putney Society wishes to OBJECT to this application as being harmful to the character of the Embankment conservation area, Putney's most unique.

We are aware of the modern extra floor on No.5. However this is not in the same terrace, whilst the extension on the back of no.4 is much smaller and set right at the back. Although this proposed roof extension is set back behind the existing parapet, it will still be visible from Glendarvon Street at the rear and in long views from the river and Bishops Park.

This neither preserves nor enhances the conservation area, and as such should be rejected.

Yours Sincerely

**Ανδρεω Χαττο**
